

Migrant and Seasonal Farmworker Youth Program Performance Standards and Measures

GOAL: To provide to MSFW Youth who are in-school and presumed to be at-risk or who are out-of-school, with basic skills through educational, employment, and life enhancement activities that provide for retention in or return to school.

Measure	Definition
1. Attainment of Basic Skills Rate	The number of individual basic skills goals attained by migrant and seasonal farmworker youth participants (ages 14 - 21) divided by the total number of Basic Skills goals set for participant youth who enroll in the program.

Measure	Definition
2. Achievement Rate	<p>The numerator is the sum of</p> <ol style="list-style-type: none">1) the number of MSFW youth participants, who if in-school at enrollment,<ol style="list-style-type: none">a) were also in school at exit <u>and</u> had advanced at least one school grade,orb) had attained their high school diploma, GED or a recognized post secondary diploma at exit;2) the number of MSFW youth participants who, if out-of-school at enrollment,<ol style="list-style-type: none">were at exit, enrolled in secondary school, post-secondary school, military service, a qualified apprenticeship program or entered unsubsidized employment. <p>The denominator is the total number of migrant and seasonal farmworker youth who exited the MSFW Youth program.</p>
